Property Damage Waiver

Although we at Backyard Sheds do our utmost not to cause damage to customer's property during delivery, there are times when it does happen!

Backyard Shed's will not be held responsible for damage to lawns, sprinkler systems, hedges, trees, flowers, septic systems, leach fields, dry wells or fences. The sheds/gazebos are delivered using a pickup truck and trailer. The unit is heavy and will produce ruts, especially during the spring and fall seasons.

If a neighbors property is to be encroached upon, the customer will attain permission for Backyard Sheds. The customer should show the neighbor a copy of this disclaimer so there will be no miscommunication.

*This waiver also applies to the installation of stone pads for shed foundations.

We the customer have read, understand and agree to the above.
